DIASPORA CAMPAIGN

CULTURALLY-COMPETENT

MENTAL HEALTH PROVIDERS

Culturally-Competent Mental Health Resources in the Philadelphia Region

The range of issues the Black mental health professionals on this list focus on include: general anxiety, reproductive anxiety/depression, anger, stress, grief, depression, sexual abuse, self-esteem, ADHD, family, couples, immigrants, seniors, women's issues, men's issues, substance abuse, PTSD, education, children/youth, personality disorders, life transitions, LBGT+ and religious trauma. They also specifically seek to provide safe spaces and holistic care for the African Diaspora, including therapy for racial trauma/justice using a variety of approaches. Most provide virtual and in-person sessions. Some provide free phone consultations.
